

# SCHS JV vs Chilton County Post Game Analysis

January 21, 2021

## Take Aways From Chilton

**Crash the Boards:** We gave up **11 Offensive Rebounds**. Those second chance points didn't hurt us tonight, but probably will against Clay and Calera.

**Better Preventing Turnovers:** Still not great, but we had less than usual with **20 Turnovers**. People to note were, Hunter with 4, Keyshawn Grant and Logan with 3.

**Make More Layups:** We missed **10 Layups** as a team. Keyshawn had 3 by himself in the 2nd half.

## Looking Forward to Clay

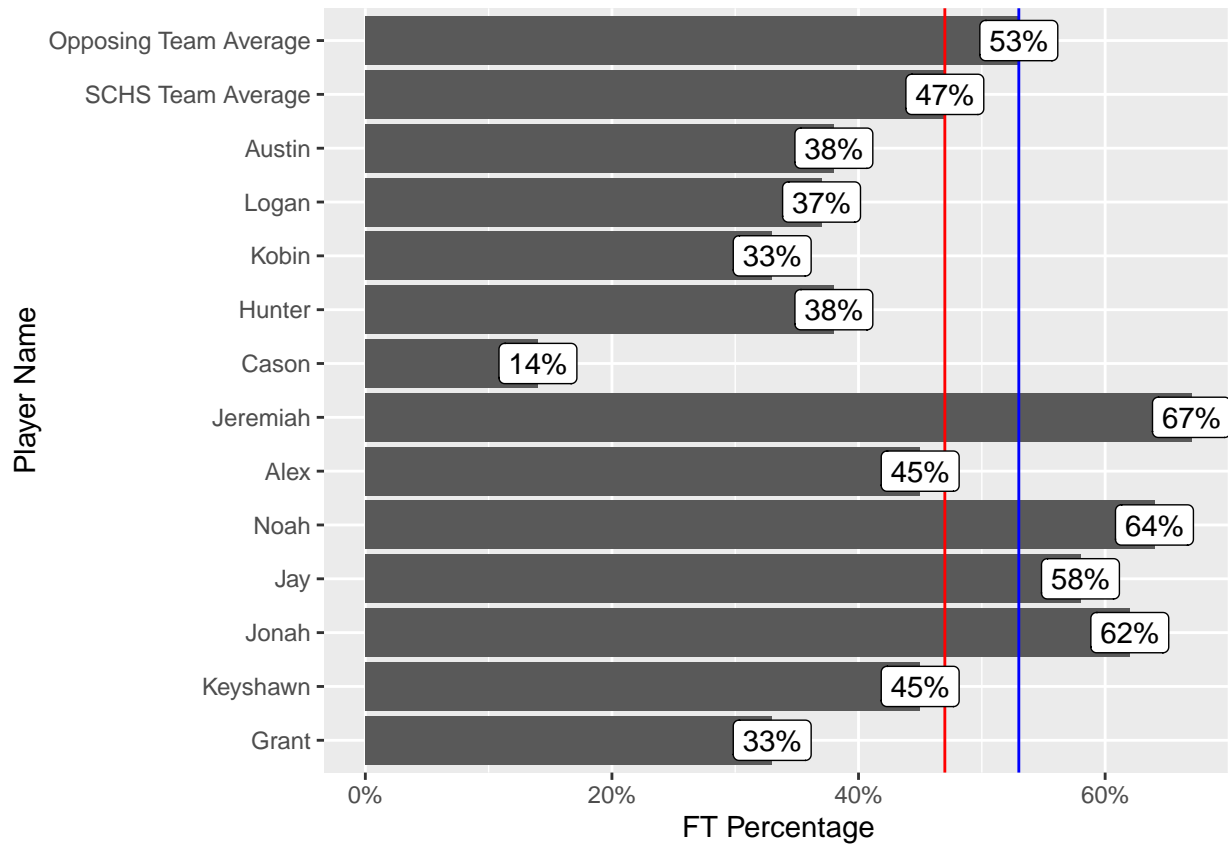

**Find #2:** #2 had 14 points and is really there only major scoring threat. A **Red** call on him every time he touches it will get the ball out of his hands, forcing other guys to step up.

**Close Out Hard:** Clay made **4 Three-Pointers** against us last game. And primarily, there offense is pass it around the arc until you get an open layup or 3-Pointer. Keeping them off balance will be a big help. The shooters are **#2, #3, #4**.

**No Easy Layups:** Clay's second top scorer was **#5** who had 12 points by standing on the block when we didn't rotate fast enough. We need to not let any of those easy buckets up tonight.

## Season Free Throw Stats

Not Many Changes. Jeremiah went 1/1. That is all.

- Our opponents are shooting **6% better** than us from the free throw line.

## FT Percentages in Games Since January 1

Excluding Vincent
